

To Subject **Let's put youth homelessness to bed**

Last year 136,000 young people in the UK faced homelessness. That's one young person every four minutes.

I am proud to be taking part in EveryYouth's Sleep Out on 7 November in London and I would love if you could join me. Together we can help change lives by giving young people bright, happy futures.

All you need to do is click *[insert your page link]* and select 'Join Team'. All the information you need can be found on the site but I'm happy to tell you more about why this challenge is so important.

Let's help put youth homelessness to bed!

Thank you,
